

Topics

Clinical applications of biomaterials: dentistry, orthopedic, neurosurgery, ophthalmology, cardiovascular surgery, dermatology, aesthetics, other medical fields.

Biomaterials

Tissue Engineering

Nanostructures and nanotechnology

Scaffolds; Biofabrication and other scaffold processing technologies

Genetic Engineering and Gene Therapy

Biomimetic materials

Biocompatibility and molecular biology

Pharmacology and drug delivery

Surface engineering and Coatings

Infection and sterilization

Biomineralization

Biomechanics and Biotribology

Biomedical instrumentation

Implant retrieval and Failure analysis

Wound repair and regeneration

Regenerative medicine

Advanced materials and Ecological technologies

Important dates

Abstract submission deadline: July 15th, 2017

Notification for acceptance: July 22nd, 2017

Early rate registration: July 31st, 2017

Early rate registration: August 1st – Sept. 15th 2017

Late rate registration: – After Sept. 15th, 2017

Full-paper submission: Sept. 30th, 2017

Call for papers

All BIOREMEDI 2017 abstracts will be published as the conference proceeding in Journal of Applied Biomaterials & Functional Materials (ISI indexed/IF0,934).

*The full papers will be published just for the participants who will pay the conference & publication fees.

Selected papers will be published according to the each journal procedures in selected journals: Journal of Applied Biomaterials & Functional Materials (ISI indexed/IF0,934), Materiale Plastice (ISI indexed/IF 0,903), Journal of Adhesion Science and Technology (ISI indexed/IF 0,863), Key Engineering Materials (ISI indexed/SCOPUS indexed). Each participant will be informed after the abstract acceptance about the journal that could publish their paper and will receive information about the full-paper template and instructions for authors.

BIOREMEDI 2017 has accreditation by the Romanian Dental Council - 24 CME credit points for dentists. The participants will be awarded with credit points from the Romanian Dental Council (special certificate).

International Seminar on Biomaterials and Regenerative Medicine

BIOREMEDI 2017

*Today`s research for tomorrow
medicine*

**5-7 October 2017
Timisoara**

Invitation,

Dear colleagues, it is our great pleasure to invite you at The International Seminar on Biomaterials and Regenerative Medicine BioReMed 2017, in Timisoara, Romania, on 5-8 October 2017.

The conference will be organized by the Victor Babes University of Medicine and Pharmacy, Timisoara, Faculty of Dentistry, in partnership with the Romanian Society of Biomaterials.

We feel that interdisciplinary cooperation is the pathway to evolution and would like to bring together scientists from the biomaterials and tissue engineering research field and clinicians from different areas of expertise that includes dentistry, orthopedics, neurosurgery, ophthalmology, cardiovascular surgery, general and aesthetic surgery, as well as pharmaceutical science.

The purpose of this event is to discuss and suggest improvements in the medicine of today and tomorrow. We would like to invite you to present your results on the clinical performance of current medical devices and join in the debates on the translation of biomaterials and tissue engineering research into clinical practice.

At the same time, a Technical Exhibition of interest for the participants will run in parallel with the scientific sessions.

Hoping that you will honor us with your presence and scientific contribution, we are waiting to welcome you at Timisoara.
