CHAP. 1. GENERAL PROVISIONS

Art. 1

Organising and carrying out the educational and professional activity related to the proper operation of the Bachelor's Degree Programmes at „Victor Babeș” University of Medicine and Pharmacy of Timisoara are governed by the provisions set forth by the national laws in force on the higher education system, as follows:

1. Law no. 1/2011 on the Romanian national education, as subsequently amended and completed;
2. Law no. 288/2004 on organizing the academic studies, as subsequently amended and completed;
3. Government Decision no. 404/March 29th 2006 on organizing and providing the master's degree courses;
4. Law no. 224 dated July 11th 2005, amending art. 5 of the Government Emergency Ordinance no. 133/2000 on the tuition-based undergraduate and postgraduate education, over the state-budgeted places;
5. Emergency Ordinance no. 75/July 12th 2005 on providing the highest quality standards in terms of education, as subsequently amended;
6. Order no. 3617/2005 of the Minister of Education on the generalized implementation of the European Credit Transfer System;
7. MECTS (Ministry of Education, Culture, Youth and Sports) Order no. 3666/2012 on the approval of the Code of Students Rights and Duties;
8. Charter of "Victor Babeș" University of Medicine and Pharmacy of Timișoara;
9. Internal rules, regulations and resolutions which are relevant to this activity.

Art. 2

(1) This regulation which concerns the bachelor's degree studies, is drawn up in compliance with the national laws in force and it is based on the following principles, as set forth by art. 202, indent. (1) of the Romanian Law of National Education (NEL) no. 1/2011:

- a) non-discrimination principle;
- b) the right enjoy assistance and free of charge additional services provided in the state higher education system;
- c) principle of participation in the decision making processes;
- d) principle of freedom of expression;
- e) principle of transparency and access to information.

(2) This regulation is subject to: yearly revisions, proper amendments in compliance with the new legal provisions and endorsement by the University Senate **within no more than three (3) months prior to the commencement of the academic year, according to the NEL (National Education Law) no. 1/2011, art. 136, indent (2).**

Art. 3

"Victor Babeș" University of Medicine and Pharmacy of Timisoara, hereinafter referred to as the UMFVBT, is an higher education institution focused on instruction and scientific research and therefore, the Romanian Agency for Quality Assurance for the Higher Education System (ARACIS) awarded, in 2014, the "High Confidence Degree", following the formal and institutional evaluation. At the same time, the UMFVBT's curricular structure includes a series of academic study programs whose temporary operations are accredited / authorized by ARACIS; consequently, UMFVBT is entitled to organize admission exams for the undergraduate (Bachelor's degree) programs in the field of Healthcare sector.

Art. 4

(1) At UMFVBT, the academic studies are organized according to a three-cycle structure:

- Cycle I – Bachelor's degree studies;
- Cycle II – Master's degree studies, with length of instruction of 1-2 study years (from 60 and 120 ECTS);
- Cycle III - Doctoral studies - with length of instruction of 4 study years (240 ECTS) - art. 174 of NEL.

(2) The bachelor's degree studies represent the first undergraduate study cycle, being structured on various programs of studies.

(3) The capacity held by the participants in these programs is that of students and it is maintained over the entire period of time which includes their attendance of that particular program, from the date of their enrollment until the

successful completion / graduation of that program or their expulsion, except for the periods during which the studies are suspended.

(4) The Bachelor's degree studies may be attended by secondary high school graduates who are the holders of valid Baccalaureate Diplomas or any other equivalent documents, duly recognized in Romania.

(5) The Bachelor's Degree area / field and the study program shall be mentioned on the Bachelor's Degree Diploma.

(6) The Bachelor's Degree programs are organized as fulltime programs, and the academic instruction involves the stated-funded and tuition-based available places.

(7) The length of instruction of the Bachelor's Degree studies is:

- 3 academic years (minimum 180 ECTS);
- 4 academic years (minimum 240 ECTS);
- 5 academic years (minimum 300 ECTS);
- 6 academic years (minimum 360 ECTS).

(8) The admission/entrance examination for the 1st academic year is organized for each and every faculty and study program. Via the admission examination all budget-funded places, as well as the tuition-based places are occupied. The structure of the study units is done alphabetically and no distinction is done between the two categories of students, namely the tuition-based students and the students occupying the state-funded places.

(9) The Bachelor's Degree graduates have access to master's degree studies and doctoral degree programs in order to continue their professional training and instruction.

CHAP. 2. ORGANIZATION AND CARRYING ON THE EDUCATIONAL ACTIVITY

Art. 5

(1) The academic year is organized in compliance with the curricular structure determined by the University Senate on a yearly basis, on various the academic study cycles.

(2) For the Bachelor's degree programs where English/French is the language of instruction, the courses are integrally taught in that particular foreign language (English/French), except for the clinical traineeships which are to be provided in Romanian.

(3) By the end of the second year of studies, all students enrolled in the university study programs organized in a foreign language must have passed the Romanian language exam, as the continuation of studies is conditioned by this test, particularly because, as of the beginning of the clinical cycle, the students need to communicate with patients in Romanian.

(4) Both the written and the practical tests of the bachelor's degree exam shall be conducted in Romanian. The preparation and defence of the bachelor's thesis may be done in Romanian / English / French.

Art. 6

The planning, organization and carrying on of the teaching process are in compliance with the academic self-government, in strict compliance with and according to the provisions of the National Education Law no. 1/2011.

Art. 7

(1) The curricula objectives aim at a competitive high-performance education and therefore, they are structured on study cycles including core disciplines, field-focused subjects, specialism subjects, complementary subjects and/or optional and elective subjects.

(2) Each faculty, depending on its curricular particularities, determines its own study cycles and informs the students, via the university website, on the curriculum for that particular academic year as well as on the exam passing criteria for each study year and study cycle, by displaying all this information at the notice board or on the university site. All this information is disclosed to the students at the enrolment time.

Art. 8

(1) The curricula shall be in compliance with the national and European standards and shall assure the proper acquisition of the core knowledge for the approached study field in order to provide a student focused educational system.

(2) The curricula include compulsory, optional and elective subjects:

- The compulsory subjects provide the proper acquisition of basic knowledge by students,

knowledge which is required for that particular study field.

- The optional subjects allow different important higher specialization lines of study, in compliance with the specialization targeted by the student.
- The elective subjects approach both the basic knowledge field and the complementary field, thus widening the students horizon of knowledge.
- The number of the optional and elective subjects is approved, on an annual basis, by the Faculty Board via the relevant curricula.

Art. 9

(1) All the faculties shall compulsorily apply the European Credit Transfer System (ECTS - European Credit Transfer System) intra- and inter university (internal, external). According to this system, the students mobility as well as their professional education flexibility are assured.

(2) The University has adopted and implemented a system of equivalence, validation and recognition of the credits gained in its own faculties or in other universities accredited, either from the country or abroad, which shows compatibility as regards to the curricula and the relevant syllabi.

Art. 10

In order to assure the ECTS implementation and survey, the credits awarding system is under the control of a coordinator at the University level (teaching Pro - rector).

Art. 11

(1) The course syllabi are drawn up by the tenured professors / course coordinators, being also endorsed by the department board and approved by the Faculty management, depending on the particularities of the faculties and their specializations. For the curricula carried on at the same time in other languages of instruction, different of Romanian, the subject syllabus shall include the same curriculum, regardless of the language of instruction. The tenured professor/course coordinators for each course of study where the language of instruction is English or French are bound to harmonize the curricula so that the students of the same course of study and from the same study year, regardless of the language of instruction, be able to go through the same curriculum for the said subject, irrespective of the language in which he / she is studying.

(2) The curricula and subjects syllabus shall be displayed for the study subjects that is on the university site, www.umft.ro, prior to the commencement of the academic year.

(3) By the end of each cycle, the students must have gained the total number of credits required by that respective cycle curricula.

(4) For the subjects for which there are two or more teaching groups within the same study program, the examination methodology shall be the same, and the tenured professors/course coordinators shall prepare together the questions for the written examination and the evaluation scales for the practical tests, these also being identical for all groups attending the same session. Within the same group, the reference literature recommended by the course coordinator and made available to the students shall be unique, regardless of the number of the course coordinators available for that study program.

(5) The unique course material shall be prepared, by mutual agreement, by all course coordinators who shall work together to that effect.

Art. 12

Students are guaranteed the right to freely choose their courses and specializations, as well as their optional and elective courses, in compliance with the legal provisions in force and the applicable curricula.

Art. 13

The department manager is responsible for the curricula.

(1) In case of termination of the student status, the student is obliged to file to the faculty registry office his student card, travel ticket (as the case may be), student departure clearance form .

(2) The students who lost their student status may receive their documents from the file after paying all their duties towards the University.

I.5 Learning Contracts

Art. 56

The registration for studies shall be done based on filling in and signing a Learning Agreement, or, as the case may be, an Addendum to the Learning Agreement, annually filled in and signed by the students, within 30 calendar days as of the beginning of the academic year, a period clearly defined for the students' registration, during the first four weeks of the academic year, in compliance with the curriculum implemented by the managing board of each faculty.

Art. 57

(1) The Learning Agreement includes the student's rights and obligations and the University rights and obligations under the educational process.

(2) The Learning Agreement regulates the student's financial obligations, approved by the University Senate and stipulated in the Schooling Taxes and other Taxes Regulation, as well as by other own regulations and methodologies.

(3) The learning contract is entered into during the normal schooling period of the study program, as it has been provided for by the statutory rules in force.

(4) At the beginning of the academic year, within the term established by this regulation, the learning contract shall be completed by additional yearly documents, jointly agreed and signed by the parties. The addendum contains the following provisions: the statement of records upon the end of the previous academic year, the credit units that have not been satisfied, if any, any mentions regarding the schooling terms, optional subjects which became compulsory, the tuition fee and the documents required to be filled in on annual basis etc.

(5) The student who fails to complete the study program during the standard term, as a result of repetition, resumption of studies or re-enrollment after expulsion or withdrawal, shall request the conclusion of a new contract, under the terms determined by the university at the time of signing that particular contract.

(6) The learning contract form and the form of the addendum to the learning contract, shall be approved on an annual basis by the University Senate, prior to the beginning of the academic year; these papers shall be approved for legality purposes as well as for the preventive financial control purposes, by the Legal Department of the university as well as by the Financial-Accounting Division.

Art. 58

(1) The registered students, who do not fulfill their obligation regarding the tuition payment within the period/term provided by the Fees Regulation, approved by the University Senate, shall be expelled, based on the records sent by the Financial-Accounting Division of the University.

(2) Up to the issuance of the expulsion decision or up to the settlement of the financial status, the student who failed to pay to date his/her tuition fee, shall have his/her student status suspended ; the same shall occur also for his/her right to be present at exams.

Art. 59

(1) In case of annulment/termination of the Learning Contract, the student is obliged to follow the procedure of student obligation departure clearance towards the University.

(2) The documents from the student's personal file shall be released only after the student departure clearance form submitting, with all its boxes filled in.

I.6 Students Documents

Art. 60

(1) The student ID card is issued for each student, after the enrolment process, by the faculty registry office.

- (2) The student ID card certifies the student status of his/her holder and it shall be endorsed at the beginning of every academic year.
- (3) The student ID card underlies the student legitimacy for all the services and activities of the University.
- (4) The examiner fills in the student card and signs all the marks/grades the student has got after taking the tests/exams or to other forms of knowledge testing, including the marks/grades for the failed exams.
- (5) In case the student card is lost or damaged, at the student request, to which the proof of the announce publishing in a local newspaper shall be enclosed, the faculty registry office shall issue another student ID card, for a fee.

Art. 61

The transport ticket is issued by the faculties' registry offices, under the law provisions.

Art. 62

CHAP. 6. CREDITS FOR STUDIES. ATTENDING THE FORMALLY SCHEDULED CURRICULAR ACTIVITIES. ONGOING EVALUATION OF STUDENTS. COMPLETION OF ACADEMIC YEAR'S REQUIREMENTS

I.7 Credits for Studies (ECTS)

Art. 66

The European Credit Transfer and Accumulation System (ECTS) system is used within „Victor Babeș” University of Medicine and Pharmacy, from Timisoara, for the following purposes:

- Keeping accurate records of the students' professional results - evaluation function of the knowledge accumulation;
- calculation of students' individual performances as well as for student ranking purposes.

Art. 67

At UMFVBT level, application of the transferable credits system is on the charge of the teaching responsible Pro-Rector.

Art. 68

The effective application of the measures resulting from the regulations based on ECTS represents the competence of the academic structures directly responsible for the coordination and carrying on of the teaching process at that level (Bachelor's degree, master's degree, doctoral level).

Art. 69

- (1) The way to apply ECTS for the students professional results record is completed by methodologies specific to each academic studies cycle.
- (2) For all study academic programs, the learning activity is quantified in credits (ECTS), calculated in compliance with the European Credit Transfer System (ECTS - European Credit Transfer System) intra and inter universities (internal, external) and with the regulations established by the Law of the National Education no.1/2011, chapter 9.
- (3) According to this system, the students mobility and their professional flexibility are assured.
- (4) The credits are defined as numerical values, allotted to all teaching activity forms: courses, practical courses, internships, seminars, etc., through which the average quantity of work done by the student for acquiring a subject is assessed.
- (5) The University uses a system of equivalence and recognition of those credits got in their own faculties/departments or in other universities accredited from Romania and abroad, which presents compatibility as regards the curricula and syllabi.
- (6) The credits allotment system is established at the University management level, based on the proposal of the Faculty management, in compliance with the specific teaching activity.
- (7) A credit corresponds to 25-30 hours of individual work:
- a) the quantity of normal work specific to an academic year has as equivalent 60 credits. Basically, 30 credits correspond to a semester;
 - b) the credits do not evaluate the students competences and must not be confused with the marks/grades;
 - c) the credits do not measure the teaching person work time, but only the student's one;
 - d) the credits related to a subject are calculated in relation with the total quantity of work required for the academic year completion;
 - e) credits allotment - to each component part of the training program a number of credits from the total number of credits provided for the training program is assigned;
 - f) each subject has allotted a number of credits, in relation with the work volume necessary to the student for reaching that subject educational targets;
 - g) by passing a subject is understood getting the minimum mark / score 5 (five) or the “accepted” qualifying.
- (8) Victor Babeș” University of Medicine and Pharmacy of Timișoara uses only two units of credit, without fractions.
- (9) A subject may not have assigned less than one credit unit.
- (10) The credits granted for a subject may not be gained gradually.
- (11) The compulsory subject “Physical Education” is credited with 1 credit unit.
- (12) Credits do not represent a measure of the subjects importance, this is regulated by the compulsory subjects classification in compulsory, optional and voluntary.

Art. 70

- (1) The compulsory and optional subjects in the curricula of an academic year are credited in the limit of the 60 related credits.
- (2) The compulsory and **chosen** optional subjects are credited, the ECTS credits amount being of 60 for a study year, usually, equally distributed by the two semesters (30 ECTS credits by semester).
- (3) Once chosen, the optional subject becomes compulsory.
- (4) The optional subjects additionally attended during an academic year do not benefit of supplementary credits, they are only mentioned in the diploma supplement. These subjects are not taken into account in the calculation of the student's annual weighted average grade.
- (5) The elective subjects additionally attended during an academic year benefit from supplementary credits, which are only mentioned in the diploma supplement. These subjects are not taken into account when calculating the student's annual weighted average grade.
- (6) The student receives the respective credits package properly assigned in terms of the studied subject completion.

Art. 71

During a study cycle, the credits got by a student are/remain valid, except for the cases when the student refuses the grade, on his/her own responsibility, in view of changing the grade within the re-examination session.

Art. 72

- (1) Gained (assigned) credit means the credit unit validated through the presentation and pass of an exam to a subject.
- (2) Outstanding/residual credit (not assigned) represents the credit unit corresponding to a subject whose learning had not been validated by the related exam pass.
- (3) Advance credit represents the credit unit got under certain conditions provided by the University regulations, by the study of some subjects pertaining to the next year, higher to that one in which the student is registered. The advance credit can be contracted only when the student is enrolled in a complementary year.
- (4) Transferred credit represents the credit unit got in another academic institution, different from the origin institution, or in another study cycle, and which is recognized by the origin institution based on different university agreements or a study equivalence regulation.
- (5) Credits accumulation represents the summing of all the credits passed by the student at a moment. The study program graduation is subject to the accumulation of all the credits related to the program.
- (6) Mobility represents the students' right to have recognized the acquired transferable credits, in compliance with the law provisions, to other accredited /temporary authorized academic education institutions from Romania or abroad.
- (7) Bilateral agreement - a framework document concluded between two institutions for assuring the carrying on of a students' mobility program using ECTS.
- (8) Mobility agreement - an educational agreement/contract concluded between the student, university of origin and the host university, including the parties' obligations and the list of the subjects the student undertakes to attend at the host university.
- (9) Credits Recognition Report - a document certifying the recognition of the credits got by the student based on the studies done in another academic institution and/or as a result of the mobility.
- (10) Transcript of records - a document certifying the learned subjects, grades and credits got by the student in a determined period of studies.
- (11) An examination passed in a previous academic year shall be deemed to have been passed, even if the number of credits assigned for that respective subject changes.
- (12) This provision shall also apply accordingly if, following the modification of the curriculum, an annual subject is divided into two term-subjects or a two-semester subject is merged into an annual subject.
- (13) The bachelor's degree examination is credited separately with 10 ECTS.
- (14) The award of credit units is made at the time of completing the discipline. The award of credits certifies that, for the result obtained at after the evaluation, the workload defined by the number of credit units has been satisfied.
- (15) Outstanding credits:
- (1) The successful completion of a year of studies within a cycle requires the collection of at least 45 credits from the total of 60 credits assigned/ year, with the specification that the number of outstanding credits does not exceed 15 credits / year of study, and no more than 20 outstanding credits within that particular cycle (years I and II for the first cycle, respectively years IV and V for the second cycle).
- (2) The completion of a study cycle implies the completion of all the disciplines and of the total number of credits provided for each study program. At the Faculty of Medicine and Dental Medicine, students are bound to gain 180 credits / cycle at the end of a study cycle, respectively for the years III and VI. At the Faculty of Pharmacy, students are bound to gain 120 credits / cycle and 180 credits at the end of year V, for the second cycle, at the end of a study cycle, respectively for the second year.
- (3) Students who have successfully completed the first cycle of studies, i.e. the first three academic years at the Faculty of Medicine and the Faculty of Dentistry, respectively, and the first two academic years at the Faculty of Pharmacy, and as a result of the fact that the barrier between the academic cycles in the academic year 2019-2020 has been removed as per the Senate Decision no. 2/5351 / May 7, 2020, are bound to successfully pass all remaining exams from the first cycle of studies by the end of the 4th academic year (for the Faculty of Medicine and the Faculty of Dentistry), respectively by the end of the third academic year (for the Faculty of Pharmacy), otherwise the students shall repeat the year of study.

I.8 Attending the scheduled educational activities

Art. 73

Within UMFVBT, the type of organization for the Bachelor's degree studies implies a fulltime attendance, in compliance with the provisions of Art. 139, letter a) of NEL (Law on National Education) no. 1/2011.

Art. 74

Regardless the learning financing sources, the student enrolled for a fulltime program is obliged to take part to all types of activities described in the syllabi, for all the subjects provided in the relevant curricula. The course, practical courses, seminars, projects and internships attendance represents criteria for participation to the final evaluation exam of the knowledge acquired during a semester.

Art. 75

The records regarding the absences shall be kept by the course coordinator.

I.9 Students ongoing tests.

I.9.1 General Provisions

Art. 76

- (1) The examination rules shall be known and respected by the entire academic community. In case of non-compliance, confirmed by DEACE, the exam shall be canceled and the responsible persons shall be sanctioned according to the provisions of ROI.
- (2) The end of the activity for the educational subjects shall be made by examinations or oral examinations, as provided for by the relevant curriculum.
- (3) The examination may be carried out in written and/or oral form, as a practical test or as any other way of verifying the student's knowledge.
- (4) The manner in which the exam is taken is proposed by the subject coordinator, being subsequently endorsed by the Department Board and approved by the Dean of the faculty.
- (5) (5) The oral examination represents the form of assessing the student's knowledge and may be held one week before the effective exam session (without disturbing the teaching activity) or during the ordinary exam session.

Art. 77

- (1) A grading scale shall be used for all the subjects, as well as a unique bibliography, regardless of the teaching staff number.
- (2) During the first two weeks as of the beginning of the academic year, every subject must have its syllabus assigned and posted (course and practical course/ traineeships), the exam topics, the reference bibliography and the evaluation as well as the grading methods, the criteria based on which students are admitted to the exam and the way in which the final grade is calculated, respectively the weight assigned to each test in terms of the final result.
- (3) The manner in which the final exam is organised and the specific requirements shall be made known to the students by the course coordinator during the first course session.
- (4) The exam evaluation shall be objective and reproducible and it shall characterize the professional performance of the student..
- (5) The bibliographic material will be edited by the subject coordinator and shall be made available to students by posting it on the website www.umft.ro and / or on the following platform: moodle.umft.ro.
- (6) The course topics shall be updated also taking into account the current needs and criteria of medical-pharmaceutical education..

Art. 78

The course book/practical course/traineeships content must be known and accepted by all the teaching staff for that subject, the subject coordinator(s) being the responsible(s) for that.

Art. 79

- (1) (1) Regardless of the form of evaluation used, the examination of all students for a certain discipline shall be uniform, both in terms of difficulty and in terms of how it is conducted and the number of subjects surveyed.
- (2) Details of the exam topics shall be given depending on the course topic / practical courses/ traineeships and shall be unique for the same topic/ subject, responsible for the course coordinators, the head (s) of the discipline and the department director..

Art. 80

The subject coordinator shall display at the faculty notice board the evaluation and grading criteria for the practical and theoretical examination (multiple-choice tests, redirectional tests and/or oral tests) as well as for the practical exams (which may also include the evaluation of the activity along the way, according to the particularities of the subject).

Art. 81

- (1) The exam for a subject provided with practical courses and seminars consists of 2 compulsory components: the theoretical test and the practical test. The student may take both tests, regardless of whether or not he/she passed one of them.
- (2) The practical examination is compulsory and shall be carried out in accordance with the particularities of the subject.
- (3) For all clinical subjects, the practical examination must also include an oral component.
- (4) The responsibility to ensure the uniformity of the examination rests with the subject coordinator (if there are several tenured coordinators for the same course).
- (5) In the practical test in the form of oral presentation, interview or other forms of oral evaluation, the uniformity of the evaluation shall be ensured by the following:
 - a) The same evaluation criteria apply to all students in a study program.
 - b) The evaluation criteria refer to the acquired knowledge, the way of communication or other parameters corresponding to the specifics of the discipline.
 - c) The performance for each criterion corresponds to the score given to the student.
 - d) The evaluation criteria are made public at the beginning of the academic year.
 - e) At the oral exams, the student is given 20 minutes to think and a maximum of 20 minutes to answer.
- (6) In practical lab tests, the uniformity of evaluation is ensured by the following:
 - a) Each student draws the ticket containing the paper / tasks to be done or the medical reports to be read.
 - b) The topic is unique for the year of study of a study program. The list of subjects is approved by the head of discipline, at the beginning of the academic year.
 - c) The grading in the laboratory tests is performed based on a predetermined scale.
- (7) At the clinical practice test, the uniformity of the evaluation is ensured by the following:
 - a) The list of clinical cases on which the students take the exam is drawn on a daily basis by the course coordinator or by a person designated by him/her.
 - b) Each student extracts his / her clinical case on the basis of which he / she will take the oral exam
 - c) The grading at the practical tests is made on the basis of a scale established by the head (s) of the discipline. The scoring scales are the same for all students in a study program.
- (8) The practical examination is mandatory and will be administered according to the specific of the subject. The practical examinations are to be seated during the last week of the semester or during the ordinary session.
- (9) No more than 2 practical examinations per a day may be taken.
- (10) The examination shall be scheduled based on mutual consent between students, the course coordinator and group assistant and the date shall be notified to the faculty dean's office by the course coordinator/student, if applicable.
- (11) The practical exam shall be taken and graded in the presence of the course coordinator and the group assistants. The practical exam may not be challenged.
- (12) The scheduling of the exams in the final years will be done with the observance of the structure of the academic year.
- (13) The presence to the practical and / or theoretical examination is not interconditioned. The practical exam passed is recognized for future sessions. Depending on the particularities of the subject, the preparation of the own practical / clinical or preclinical scales related to the activity along the way, is recognized even in the absence of passing the theoretical and / or practical exam. Passing any test involves recognizing the grade until the final grade of the exam is obtained. Where the student requests re-examination in order to change a grade, the examination shall be done in full, for both exam subjects (written test + practical test).

Art. 82

- (1) The theoretical exams shall be carried out in the form of oral, written test (grid test / editorial subjects) or mixed tests, upon the proposal of the course coordinator. In the case of mixed tests, the completion of both components of the test is mandatory and eliminatory.
- (2) For the tests that contain editorial topics, the exam topics shall be made by drawing lots.

(3) At the written test carried out in editorial form, the uniformity of the evaluation is ensured by the following:

- a) Each student solves the same number of subjects.
 - b) Working time is equal for all students in a study program.
 - c) Subject tickets are the same for all students in a study program. There shall be no actions to delete, add or modify topics from one series to another.
 - d) The correction of each subject is done according to a predetermined scale. The scale contains the keywords needed to get the maximum score.
- (5) The duration of the written exam may not exceed 2 hours for the semester subjects and, respectively, 3 hours for the year ones.
- (6) The subjects of the editorial test and the grid questions shall be prepared in consideration of the unique bibliography of the course..

Art. 83

(1) The theoretical examination shall be organized in series, with the participation of the entire examination commission, except for the subjects where the assessment of theoretical knowledge shall consist in an oral exam, whper groups of students. Within 10 business days from the receipt of the notification, the Ethics Commission of UMFVBT determines the sanction, according to the present regulation, which shall be implemented by the Rector within 30 days from its final ruling.

I.9.4 Exam Grading

Art. 133

The exam grade shall represent the level of the student's theoretical knowledge and practical skills.

Art. 134

The exam final grade may be the result of a sole final evaluation or the arithmetical average between the exam grade and the grade to the colloquy / partial (intermediate) exam or other types of evaluation.

Art. 135

A subject is deemed to have been passed where the student's the final grade is at least 5.

Art. 136

The passed exam or only its passed practical part are recognized all long the study period to that specialty, except for the case when the student waives the grade, on his/her own responsibility in view to the re-examination session.

Art. 137

By the end of the 1st cycle (3rd year - specializations in Medicine and Dental Medicine, 2nd year - - specialization Pharmacy), the student must accumulate the 180 credits, respectively 120 credits.

Art. 138

(1) In case a student is not satisfied with the grade awarded at a passed examination, he /she shall be entitled to sit for re-examination for changing of grade, against the payment of a certain fee.

(2) The change of grade related re-examination, at the passed exam, may be requested in writing, for maximum two examinations included in the curriculum plan of the current year of study, only if the student has completed all his / her credits successfully.

(3) The grade awarded after the re-examination is final and can result into a higher grade, a lower grade, or the student's failing the examination, losing the related credits.

(4) In case a student fails to take the examination, despite his or her written application for such re-examination - change of grade, the previously awarded grade will be validated.

(5) Where the student takes only a part of the examination and fails to take the other part, the exam is considered failed, with losing the related grades.

Art. 139

The results at an examination are communicated to the student on the spot or in maximum 48 hours from such examination, and are compulsorily registered in the examination / retake ledger for and in the student card.

Art. 140

(1) The completed and signed grade report shall be submitted to the faculty registry on the basis of a signature, by a member of the examination board / a representative of the subject coordinator, at the latest the day after the end of the exam retaking session (for the winter exam session), respectively during the re-examination session / grade changing session (in the case of the summer session).

Art. 141

(1) The student shall be entitled to see the paper and to receive explanations regarding the grading within 24 hours from the announcement of the results. To that effect, the course coordinator shall be bound to establish a time interval during which students may consult their papers.

(2) Students who, following the analysis of their own papers, consider that they have been disadvantaged, may challenge the result of the examination.

(3) The challenge filed by a student may only refer to his/her own results.

(4) The challenges regarding the way of conducting the exams, the way of grading or the results of the exam shall be submitted to the faculty registry office within 24 hours from the communication of the results.

(5) If duly proved, via indisputable evidence, that the examination took place in an erroneous way or that the student was assessed incorrectly, the Faculty Dean may cancel the result of the examination and order that a new examination be planned by a commission proposed by the Faculty Council, consisting of 3 professors (the course coordinator must be included), in compliance with the examination procedures provided for that particular subject. The re-examination, in these conditions, does not reduce the total number of possible

presentations to pass an exam. The answer to the challenge is communicated, in writing, to the student, the teacher involved and the department director, within 24 hours from its submission..

I.10 Passing the exams

Art. 142

- f. students accepted at the programs where the available places are only self-funded places;
- g. the Romanian students admitted as self-funded students (tuition fees payable in lei).

Art. 179. Students transferred from other accredited higher education institution from Romania, who satisfy the relevant conditions for the successful completion of the academic year, shall keep their initial status (budgeted or self-funded students) only during the first academic year as of the moment of their transfer.

Art. 180. Olympic students admitted as budgeted students, without having to sit for and pass the relevant admission exam, shall keep their status only during the first year of study.

Art. 181

(1) Students who benefit from a one-year mobility grant shall keep their status (budgeted or self-funded students) they had during the year prior to their departure.

(2) Students who benefit from one-semester mobility scholarship shall be reclassified according to the provisions of art. 179 alin (1).

Art. 182 Upon returning from the complementary year, the student may be reclassified as a budgeted student, under the conditions outlined by art. 179 of this regulation.

Art. 183 Students who have lost budgeted-student status may continue their studies as self-funded students.

Art. 184

(1) The weighted average is expressed as the ratio between the sum of the grades (N) awarded for the core subjects and the credits related to the subjects (C), and the total number of credits of that year, except for two subjects: Physical Education and the summer practical courses, as per the formula : $Mp = \frac{\sum N_n C_n}{58}$.

(2)

(3) When calculating the weighted average grade of the study year, the compulsory and optional subjects that have been chosen, successfully completed by the student and their number of credits, are taken into account after the end of the exam retaking session or the re-examination session.

(4) The optional subjects additionally attended during an academic year shall benefit from additional credits, and these are being listed only by the diploma supplement. These subjects are not taken into account when calculating the weighted average grade of the student.

(5) The optional subjects additionally attended during an academic year benefit from additional credits, and these credits are listed only in the diploma supplement. These subjects are not taken into account when calculating the weighted average grade of the student.

(6) Any credits obtained in advance are not taken into account when calculating the credits necessary for the successful completion of the study year. Credits taken in advance shall be considered only for the semester / year when the subject contracted in advance is attended;

Art. 185. Re-classification of students in order to assign budget-funded places shall be carried out by the registry personnel of every Dean's Office, with the support of student organizations; this procedure shall be verified and certified, under signature, by the Dean of each faculty.

Art. 186. The re-classification lists are posted and displayed on the bulletin board of the Dean's Office during the first week of the academic year.

Art. 187

- (1) The potential challenges regarding the annual re-classification of the students shall be submitted within 48 after their posting, at the Dean's Office of the faculty, via the University Registry, room 1, from 08.00-14.00.
- (2) The settlement of the challenges shall exclusively fall with the Faculty's Dean.
- (3) After the settlement of the challenges, the lists with the re-classification of students that include the final and indisputable results shall be drawn up and posted.

Art. 188

- (1) Candidates who have benefited from partial budget funding within a bachelor's degree program, and have been declared admitted to the admission contest organized at "Victor Babeș" University of Medicine and Pharmacy in Timișoara, shall be enrolled on the tuition fee-based places, starting with the first year of studies.
- (2) The category of students referred to in paragraph (1) shall be entitled to be reclassified on the state-budgeted places, only after the completion, on a fee-based regime, of the number of years of studies related to the years that have been previously attended, on a fee free basis, in relation to the criteria and performance standards for the annual reclassification of students, established by the university management.
- (3) The self-funded students who have been reclassified to occupy the state-budgeted places are required to submit, in original, the baccalaureate diploma to the faculty / department registry office, no later than the last day set for the enrollment to the academic year, but not later than 30 calendar days from the beginning of the academic year, under the sanction of losing the state-funded place, obtained by reclassification.

CHAP. 11. STUDENT MOBILITY AND RECOGNITION/VALIDATION OF STUDIES COMPLETED IN OTHER NATIONAL OR INTERNATIONAL HIGHER EDUCATION CENTRES

I.16 General Provisions

Art. 189

- (1) The academic mobility represents the students right to have recognized their transferable credits, under the legal conditions, gained within other academic institutions accredited/authorized to temporarily operate in Romania or abroad.
- (2) The students mobility may be domestic or international, as well as final or temporary, for all forms of education.
- (3) The academic mobility shall be carried out subject to the observance of the legal provisions regarding the schooling capacity and academic education financing, in compliance with the provisions of this Regulation.

Art. 190

The transferable credits recognition in case of the international academic mobility may be done by the academic institutions only for the person who proves his/her student status with relevant documents issued by the academic institution he /she had attended.

Art. 191

- (1) The academic mobility can be carried out as a result of the student approach, respectively of the doctoral student:
 - in compliance with different inter institutional agreements;
 - only based on the approval of the hosting or receiving academic institutions temporarily accredited/authorized, as the case may be.
- (2) The inter institutional agreement consists in filling in and signing the standard Mobility Application Form, provided in the Annex to the Order 5140/2019, as follows:
 - the student registers the Mobility Application Form to the academic institution where he/she desire to get the mobility approved;
 - after obtaining the mobility acceptance, the student requests the mobility of the higher education institution where he / she is enrolled;
 - the higher education institution that accepts the mobility shall firstly sign the student's mobility request, then the institution from which the student leaves shall sign the form;
 - the conditions under which the mobility takes place are also mentioned in the application form.

I.17 The final mobility (the transfer)

Art. 192

The final internal academic mobility is carried out upon the student's request both for the budgeted students financed and for the self-funded students and it is achieved in compliance with the legal provisions on schooling

capacity and financing of higher education, under the agreement of the provisionally accredited / authorized higher education institutions, in accordance with the provisions of the regulations on the professional activity of students.

Art. 193

(1) The final domestic academic mobility may be carried out after the first year till the completion of the penultimate study year, in relation to the same specialization.

(2) For undergraduate studies, final academic mobility may be achieved only at the beginning of the semester, after the first semester and until the end of the penultimate semester, between study programs with the same total number of compulsory transferable study credits, from the same scientific branches.

Art. 194

Final mobility is based on the principle “grants follow the student”.

Art. 195

(1) The provisions regarding the final domestic mobility are also applied in the case of the students coming from the member states of EU, SEE and Swiss Confederation.

(2) For the third countries, the provisions of the bilateral agreement and of the international agreement in matter, in force at the mobility carrying out date, shall be applied.

Art. 196

(1) Final academic mobility may also be achieved within the same higher education institution. Only the students who have successfully passed all their exams may transfer to UMFVBT, from other educational institutions / between UMFVBT faculties or between study programs with the same total number of compulsory transferable study credits. Students with overdue credits are not accepted for permanent internal mobility.

(2) The students may get the transfer to UMFVBT only if they had been declared accepted to the admission contest organized at the faculties from where they are coming.

Art. 197

The students from the accredited private faculties may be transferred only under fee based regime, without possibility to be reclassified on the budgeted places, until the completion of the study program.

Art. 198

The students, citizens of third countries, scholars of the Romanian State or state-financed as a result of different inter-governmental agreements, may be transferred subject to the observance of the regulations in force.

Art. 199

The final academic mobility within UMFVBT of the students who, previously, left UMFVBT, via the transfer to other academic institutions shall not be accepted.

- d) Only the subjects for which the applicant passed the exams in the educational institution where he/she did his/her studies are taken into account;
- e) the practical courses and the clinical internships completed, but which were not followed by passing the related exams, are not recognized;
- f) The studies older than 3 years as of the date the relevant exams have been passed are not recognized.

Art. 217

(1) After the evaluation mentioned at the previous article, the specialty / equivalence commissions members from each faculty level, give the following settlements:

a) immediate recognition, in case when there are not found out important differences regarding the elements above mentioned and the applicant may have equated the minimum number of study credits necessary for the enrolment in the ongoing academic year, as provided by the University regulations.

b) implementation of compensatory measures, respectively difference examinations, in case substantial differences are found, which must be applied in order to enroll the applicant in the corresponding study year, within the limit established by this regulation for internal mobility. The sum of all transferable credits related to certain subjects that constitute differences, due to the lack of studying certain subjects outlined in the curriculum of the UMFVBT and which are to be validated by difference exams, shall not exceed 20 credit units, within the cycle.

c) rejection of the request for recognition of the studies accomplished abroad because the requirements provided by the University regulations are not met.

(2) The Studies Validation Commission's decision is made known to the applicant, by mail or electronic mail, by the registry of the University International Relationships Department, within two business days as of the date of settling the file.

(3) As of the communication date of the decision regarding the equivalence exams taking, by mail or e-mail, the applicant must state in written, within no more than two business days, his/her agreement on sitting for the equivalence / difference exams.

(4) Both, the exams taken and recognized at the origin academic education institution, as well as the exams taken as compensatory measures are mentioned in a relevant protocol.

(5) The decision of the studies validation commission, accompanied by the applicant's file, is submitted to the Department of International Relations, through the University Registry, in order to complete the file.

(6) The applicant's file is completed with the following documents:

- The protocol drawn up by the studies validation commission which outlines the year of studies to which the candidates may be enrolled and the possible equivalence examinations determined by each faculty, by comparing the curricula and the syllabi with the obligation to have the authenticity of the presented documents verified by the educational institution, by direct correspondence with the educational institutions issuing the study documents, after settling the file;
- Certificate of equivalence of the baccalaureate diploma issued by the specialized directorate within the MEN / Letter of acceptance to studies, document issued by the specialized directorate within the MEN following the recognition by the University of the periods of studies completed abroad;
- Certificates or diplomas of language proficiency, according to the Methodology for admission and enrollment to the undergraduate studies of foreign nationals from third countries and nationals of EU, EEA and CH countries;
- Documents required for registration in the admission competition, according to the Methodology for admission and registration for undergraduate studies of foreign nationals from third countries and citizens of EU, EEA and CH countries, http://www.umft.ro/admission-2019_678 (Romanian language), http://www.umft.eu/admission-2019_704 (English language), http://www.umft.org/admission-2019_701 (French language).

Art. 218

(1) The enrollment of students for whom the recognition of studies completed abroad has been approved shall be made within no less than 30 days from the beginning of the academic year, under the conditions provided by this regulation for enrolling foreign citizens in the first year of studies.

(2) The University's Department of International Relations shall give a notice of principle for the provisional enrollment of students and will issue the Decision (Order) of admission to studies, approved by the University Rector.

(3) For the processing of the file at the Department of International Relations, a fee of 200 euros (non-refundable) is paid by wire transfer.

(4) For the enrollment purposes, students shall appear personally, at the registry offices of the faculties, within the term established for the enrollment purposes, during the public business hours: Monday-Friday, from 12.00 to 15.00, with the Studies Acceptance Decision (Order), accompanied by copies of the following documents:

- letter of acceptance to studies (for self-funded students from third countries,) / certificate of equivalence of the baccalaureate diploma (for students from EU, EEA and Switzerland);
- the certificate of linguistic competence for the Romanian language (for those who study in Romanian), respectively the certificate for passing the foreign language test (for those who study in English or French);
- proof of payment of the tuition fee (in full), endorsed by the Financial-Accounting Service of the University.

(5) The complete files of students for which the recognition of the studies completed abroad has been approved shall be submitted by the Department of International Relations, to the registry offices of the faculties, in order to draw up the enrollment decisions.

(6) The decision (Order) for admission to studies is valid until the date of elaboration of the enrollment decisions and the final enrollment of the foreign students, at the latest on December 2 of the current academic year.

(7) The enrollment of students for whom it has been approved the recognition of the periods of studies completed abroad within the cycle of undergraduate university studies is made:

- on the spot based on a foreign currency tax, without the right of reclassification, for foreign and Romanian citizens everywhere,
- on the spot based on a fee in lei, without the right of reclassification, for Romanian citizens.

Art. 219

All documents issued in the process of recognizing the studies conducted abroad are archived to the applicant's file.

Art. 220

Taking the equivalence exams as compensatory measures is carried out in accordance with the regulations of the University on the period of taking the exams, respectively of the outstanding exams, re-examinations and payment of the corresponding fee, established by the University Senate.

Art. 221

The Supplement to the Bachelor's Degree shall be filled in, as a result of the abroad accomplished studies recognition, in its chapter/section 5 "Additional Information" with the following: equated studies years, origin academic institution, mention regarding the equivalence exams taking or selection exams,

as the case may be, as well as the document issued by the Ministry of National Education regarding the studies continuing approval.

I.19 Students temporary domestic mobility

Art. 222

The student may benefit of temporary domestic mobility between two accredited / temporarily authorized academic institutions, as the case may be.

Art. 223

(1) The temporary domestic mobility, on budgeted or self-funded places, may take place after the first study year, after the exam session completion.

(2) The compatibility of the curriculum for the recognition of transferable study credits is established prior to the mobility period, and the recognition of transferable study credits is made after the completion of the mobility, in accordance with the interinstitutional agreement and regulations of the higher education institutions involved.

Art. 224

„Victor Babeș” University of Medicine and Pharmacy of Timisoara is not a partner and it is not involved in any program of students' temporary mobility with other academic institutions from Romania.

I.20 Temporary international mobility (Erasmus)

Art. 225

The temporary international mobility through international programs is carried out in compliance with the regulations regarding those programs. These mobilities take place according to European Commission Legislation [(eu) Regulation no. 1288/2013 of European Parliament and Council on 11th of December 2013, which establishes „erasmus +” action: the union program for education, training, youth and sports, and abrogation of decision no. 1719/2006/ce, no. 1720/2006/ce and no. 1298/2008/ce] and Bilateral Agreements established between our university and partners' universities.

Art. 226

The temporary international mobility on own account represents the temporary mobility carried out outside the framework established by an international program and it is accomplished with the approval of the origin accredited / temporarily authorized academic institutions, respectively the receiving ones.

Art. 227

(1) The recognition of the study implies the total and automatic recognition of the study or placement period as well as the recognition of the total number of transferable credits gained by the student during the traineeship by the management of the faculties where the student is enrolled.

(2) The recognition of studies implies the recognition of the grades / average grades / credits certified within the official transcripts of records as being obtained by the student at the hosting higher education institution.

Art. 228

The validation of Erasmus study or placement periods as well as of the grades obtained in the subjects completed during the internship shall be done according to a clear, transparent and focused conversion rules on competencies and not on the names of the subjects, based on a correspondence between the grading systems of the two states participating in the mobility proceeding.

Art. 229

The procedure for recognizing the study periods of LLP-Erasmus students is stipulated in the Regulation on the recognition of study or placement periods carried out during LLP-Erasmus mobility processes.

Art. 230

Recognition of periods of study completed abroad under the unregulated temporary mobility proceedings shall be carried out under the conditions laid down in this Regulation.

CHAP. 12. STUDIES COMPLETION EXAMS

Art. 231

The Bachelor's degree studies within the UMFVBT faculties shall be completed with a Bachelor's Degree exam which shall be organized in compliance with the faculty's own Bachelor's Degree Regulation drawn up and updated on an annual basis, according to the directions given by the Ministry of National Education.

Art. 232

(1) The Bachelor's exam includes two examination modules:

- The fundamental and specialty knowledge testing/evaluation: this test is organized as a written test having a national component part and a practical testing for the study subjects requiring such a testing;
- presentation and defense of the Bachelor's Degree thesis.

(2) The passing average grade for each test shall be at least 5,00 (five), and the passing average grade of the Bachelor's exam shall be of at least 6,00 (six).

Art. 233

(1) Within „Victor Babeș” University of Medicine and Pharmacy of Timișoara, the following students may sit for and take the Bachelor's degree examination: own graduates who have successfully completed the studies/temporary authorized or accredited specializations programs, and who passed all the evaluation exams taken during the Bachelor's degree academic studies programs.

(2) The graduates of the specialties/accredited studies programs or specializations/studies programs authorized for temporary operation within “Victor Babeș” University of Medicine and Pharmacy of Timișoara shall register with the faculties Dean's Office and shall sit for the Bachelor's degree examinations organized within “Victor Babeș” University of Medicine and Pharmacy of Timișoara.

(3) For a university study program, the final examination is organized and carried out under the same conditions for all graduates.

(4) Within “Victor Babeș” University of Medicine and Pharmacy of Timișoara, the bachelor's exam may be taken within 3 years as of the graduation date.

Art. 234

The University shall inform the candidates/examinees in relation to the studies completion examinations periods, registration periods and requirements, topics, bibliography, programs, access to the libraries, preparatory courses, etc., through the faculties' registry offices, display at the institution headquarters and/or web page.

Art. 235

(1) The studies completion exam commissions are established on studies programs/ specializations programs, according to the University Senate decision, at the proposal of the faculties boards, respectively at the Rector's proposal, and approved by the University Administration Board. The commissions structure is published on the University site, www.umft.ro.

(2) The University management, the Dean's Offices and examination commissions are fully responsible for the process of organizing and preparation of the studies completion examinations.

Art. 236

The diplomas/degrees of the graduates who passed the bachelor's exam in the graduated Bachelor's program / graduated specialization program, shall be issued by „Victor Babeș” University of Medicine and Pharmacy of Timișoara in no more than 12 months as of the completion date.

Art. 237

(1) Until the degree issuing, the graduated who passed the Bachelor's exam receive the Studies Graduation Certificates, within 30 calendar days from the Bachelor's degree exam completion date.

(2) This Graduation Certificate offers to its holder the same rights as the degree/diploma and it must have mentioned the names and signatures of the responsible people from the academic institution and the following information:

- a) the field of university studies;
- b) the study / specialization program;
- c) the study period;
- d) average grade of the years of study;
- e) the average grade of the final exam;

f) the status of accreditation / authorization of provisional operation, the form of education, the language of instruction, the geographical location, the number of credits and the statutory regulation that determines them (Government decision, order of the minister, as the case may be);

g) number of the ministerial order / letter of acceptance / approval of schooling / certificate of recognition of studies - for foreign students.

(3) Graduates are usually issued a single certificate of completion of studies. In case of loss or destruction, upon request, a new certificate is issued, with a new registration number, the validity term of which falls within the maximum period of 12 months calculated as of the date of passing the final exam.

Art. 238

The graduation certificate without a university graduation exam certifies the successful completion of a study program and it is issued upon request to graduates who have not taken or who have failed the graduation exam. It is drawn up by the graduated institution and includes the following mandatory minimum elements:

a) the field of university studies;

b) study / specialization program;

c) study period;

d) average grade of the years of study;

e) the status of accreditation / authorization of provisional operation, the form of education, the language of instruction, the geographical location, the number of credits and the normative act that establishes them (Government decision, order of the minister, as the case may be);

f) the number of the ministerial order / letter of acceptance for studies / approval of schooling / certificate of recognition of studies - for foreign students;

g) the position, name, surname and signature of the university officials on the completion date (rector, university chief secretary, dean, faculty chief secretary) and the seal of the institution.

CHAP. 13. DIPLOMAS / STUDY DOCUMENTS

Art. 239

(1). The study documents issuing terms and conditions are publicly posted onto the bulletin board of the university registry office, section: Study Documents as well as onto the UMFVBT website (www.umft.ro); they are also detailed and included into the Study Documents Regulation, approved by the University Senate.

(2). On the issuing date, the graduate shall be present with his/her Identity Document - IB/IC or passport, in original, valid on the study document/s issuing date.

Art. 240

(1) The holders of the study documents or their representatives are entitled to request the release of the study documents duly filled out after no less than 12 months as of the date of the successful pass of the study completion exam.

(2) A study document outlining the full or partial completion of studies shall be issued to its holder free of cost.

(3) Where the holder is not able to personally appear, the study document may be issued to his/her proxy, on the basis of a power of attorney duly notarized and/or based on a certified true copy of a power of attorney, which expressly states that the proxy may pick up the study papers.

(4) Where the notarial power of attorney has been prepared overseas, it shall be submitted in original, being accompanied by its legalized translation. The power of attorney must have the apostille affixed or super-legalized by the competent authorities of the state where it has been drawn up, except for those drawn up in the states that have concluded conventions, treaties or agreements with Romania on legal assistance in civil matters, which provide exemption from any such legalization procedures.

Art. 241

(1) The study documents which have been filled out but not picked up by their holders/representatives shall be kept in the UMFVBT archives with expiry term attached.

(2) The study documents which have been filled out but have not been picked up because of the death of their holders may be issued to a member of the holder's family (1st or 2nd degree next of kin), based on an application approved by the UMFVBT Rector, to which a certified copy of the Death Certificate and an affidavit regarding the reasons invoked in relation to picking up the study documents shall be enclosed.

(3) The powers of attorney drawn up at the Romanian embassies or consulates from various states are accepted. Powers of attorney made under the signature of the ambassador / consul shall not be translated or subjected to the apostille procedures.

Art. 242

In case of loss, complete or partial damaging of a study document, a duplicate of the said document may be issued if in the institution archives there is the respective document stub and/or other legal documents which reflect the holder's studies situation or if the archives was destroyed under force majeure circumstances (natural calamities, fires, etc.), by the statement of grades/transcript of records restoration by the institution.

Art. 243

(1) For the release of a duplicate after a study document, the holder shall submit a written formal request to the UMFVBT Rector to which he/she shall add the following documents:

1. a written statement of the document holder, including all elements necessary for the identification and detailing the circumstances under which the document had been lost, completely destroyed or partially damaged;
 2. a certified copy of the Certificate of Birth;
 3. two photos of the document holder - recently done, on photographic paper, color, 3x4 cm form;
 4. proof of the publication in the Official Gazette of Romania, the IIIrd Part, regarding the loss of the respective study document - in case of a lost study document or of the study document in case - if it is partially damaged;
 5. proof of the payment of the duplicate release fee;
 6. the damaged or laminated document;
- a notarized power of attorney – certified true copy.

(1) The file including the documents provided at indent (1) shall be submitted by its holder or his/her empowered representative at the Study Documents Office (ground floor, room 20), in order to be checked.

(2) If duplicates after a series of study documents are required, then, according to the laws, the duplicate request shall be done separately for each and every document (a separate file). At the same time, the taxes shall be separately paid for each duplicate.

(3) All approvals given in relation to the release of duplicates shall be kept in the institution's archives, being subject to no expiry terms.

Art. 244

The study documents forms which are not still valid or had not been used for 10 years from their procurement may be deleted/disposed of.

Art. 245

For the release of the study documents, UMFVBT may charge certain fees, according to the terms and conditions determined by the University Senate, in compliance with the legal provisions in force.

CHAP. 14. REWARDS. SANCTIONS

Art. 246

For remarkable results obtained at school, scientific activity or other remarkable merits, the student may be rewarded by:

- his/her distinguishing at the study, faculty or university level ;
- award of the diploma of merits for remarkable results in the learning activity and at the Bachelor's examination, depending on the average limit established by the Faculty or University regulations. .
- participation to camps, scientific events;
- scholarships, according to scholarship regulation;
- other distinguishing forms, with the approval of the Board of Administration, in compliance with the legal provisions.

Art. 247

(1) Failure by the student to meet his/her duties resulting from the University regulations, as well as the provisions included in the University Charter by the University Senate and the Ethics and professional Deontology Code may cause the application of different sanctions (admonition, scholarship temporary suspension, suspension of some facilities the student enjoys and, in extreme cases, expelling from the Faculty) according to the legal provisions and own regulations in force.

(2) The sanctions shall be applied depending on the offence seriousness, their recurrence, conditions under which they were committed. They may be contested at the level of the University management forms in 15 days from the sanction communication date and shall be solved in 30 days from its registration/entry date.

(3) The student shall be informed about the sanction and the sanctioning decision shall be annexed to the student's personal file.
