

Tematica concursului pentru posturile de Conferentiar Chirurgie si Ortopedie
Pediatria, poz 52

1. Despicaturile labiovelopalatine
2. Fistule si chiste congenitale ale gatului
3. Torticolisul muscular congenital
4. Chistul hidatic pulmonar
5. Herniile diafragmatice congenitale
6. Malformatiile esofagului
7. Stenoza hipertrofica de pilor
8. Malformatiile duodenului, intestinului subtire si ale colonului
9. Anomaliile de rotatie si acolare ale intestinului
10. Patologia diverticulului Meckel
11. Invaginatia intestinala
12. Apendicita acuta
13. Peritonitele acute
14. Peritonita si ileusul meconial
15. Megacolonul congenital
16. Malformatiile anorectale
17. Hemoragii digestive inferioare
18. Chistul hidatic hepatic
19. Rupturile traumatice ale organelor cavitare abdominale
20. Rupturile traumatice ale organelor parenchimatoase abdominale
21. Omfalocel si gastroschizis
22. Patologia regiunii ombilicale
23. Patologia canalului peritoneo-vaginal
24. Malformatiile aparatului urinar superior
25. Megaureterul si refluxul vezicoureteral
26. Extrofia de vezica
27. Valvele congenitale ale uretrei posterioare
28. Tumorile renale
29. Rupturile de rinichi
30. Hipospadias
31. Testiculul necoborat
32. Sindromul scrotal acut
33. Torsiunile de anexa
34. Varicocelul
35. Traumatismele toracelui
36. Particularitatile fracturilor la copil
37. Displazia si luxatia congenitala de sold
38. Osteomielita acuta hematogena
39. Piciorul stramb congenital varus equin
40. Maladia Perthes

EXAMINATION TOPICS FOR ASSOCIATE PROFESSOR IN PEDIATRIC AND ORTHOPEDIC SURGERY pos 52

1. Cleft lip and cleft palate
2. Congenital cysts and fistulae of the neck
3. Congenital muscular torticollis
4. Pulmonary hydatid cyst
5. Congenital diaphragmatic hernias
6. Esophageal malformations
7. Hypertrophic pyloric stenosis
8. Duodenal, small bowel and colonic malformations
9. Anomalies of intestinal rotation
10. Meckel diverticulum
11. Intussusception
12. Acute appendicitis
13. Acute peritonitis
14. Meconium ileus and meconium peritonitis
15. Hirschsprung disease
16. Anorectal malformations
17. Inferior digestive hemorrhage
18. Hepatic hydatid cyst
19. Traumatic ruptures of abdominal cavitar organs
20. Traumatic ruptures of parenchyma abdominal organs
21. Omphalocele and Gastroschisis
22. Umbilical region pathology
23. Peritoneum vaginal channel pathology
24. Superior urinary tract malformations
25. Megaureter and vesico-ureteral reflux
26. Bladder extrophy
27. Congenital urethral valves
28. Renal tumors
29. Renal ruptures
30. Hypospadias

31. Undescendent testis
32. Acute scrotum
33. Adnexal torsions
34. Varicocele
35. Toracic trauma
36. Particularities of pediatric fractures
37. Congenital hip dysplasia and dislocation
38. Acute hematogen osteomyelitis
39. Club foot
40. Perthes disease
